## **BIG IDEA: Sin Can Always Be Forgiven, Consequences May Not Always Be Erased**

### **I. Restlessness Can Lead to Sin**

- Restlessness is a dangerous place.
- Restlessness often comes when a person is not where they are supposed to be.
- When you are not on offense, you must be on defense.
- When a person is restless, they often take what is not theirs for the taking.

### **II. Recklessness Will Be Revealed**

- Not even a king is above God's Word.
- What is done in secret will one day be revealed.
- The cover-up always makes it worse.

### **III. Repentance Opens the Door to Redemption**

- Sin will *always* catch up with you.

**Timeless Truth:** Sin has its consequences, but redemption is always near.
